spa menu

100ml e/ 3.38 fl oz

GREEK TOUCH is inspired by practices of Ancient Healing Centers of Asclepius, as in Kos island and Epidaurus. Priest-healers of Soul and Body, prescribed sun exposure, fresh air breathing, thermal water bathing, specific herb applications and a low-calorie diet, as well as body massages, to cure states of imbalance.

Today, in the Orloff Spa Temples of Wellness on Spa resorts, we can put stress at a distance. As in Ancient times, we rejuvenate by hydro-therapy and treatments of aromatic Greek plants and olive oil, while being pampered with an authentic Hippocrates massage.
